Attachment to the Advisory

The applicants in their response to final office action dated 11/19/2008 the applicants have filed 132 affidavit to overcome rejections of record.

First, the affidavit was not signed, therefore it will not be entered.

Second, MPEP states as follows:

716.01 [R-3] Generally Applicable Criteria

The following criteria are applicable to all evidence traversing rejections submitted by applicants, including affidavits or declarations submitted under 37 CFR 1.132:

(A) *Timeliness*. Evidence traversing rejections must be timely or seasonably filed to be entered and entitled to consideration. *In re Rothermel*, 276 F.2d 393, 125 USPQ 328 (CCPA 1960). Affidavits and declarations submitted under 37 CFR 1.132 and other evidence traversing rejections are considered timely if submitted:

- (1) prior to a final rejection,
- (2) before appeal in an application not having a final rejection, *
- (3) after final rejection **, but before or on the same date of filing an appeal, upon a showing of good and sufficient reasons why the affidavit or other evidence is necessary and was not earlier presented in compliance with 37 CFR 1.116(e); or
- (4) after the prosecution is closed (e.g., after a final rejection, after appeal, or after allowance) if applicant files the affidavit or other evidence with a request for continued examination (RCE) under 37 CFR 1.114 in a utility or plant application filed on or after June 8, 1995; or a continued prosecution application (CPA) under 37 CFR 1.53(d) in a design application.

The application at hand was issued a final office action and the applicants have not provided any evidence why such affidavit was not provided earlier, considering that the prior art of record was applied in the first office action on the merits. This violates items (2) and (3) of the above citation.

Another way the affidavit can be considered in according item (4) if the above citation, which is by filing an RCE, since the prosecution of the application is deemed to be closed.
